- 84 bay** The largest 4U JBOD chassis we provide
- LTO-8** Holds up to 30TB of data
- 50 yr.** Archive life of Blu-ray media
- SiPh** Silicon Photonics allows transfer rates of 1Tbps!
- 2022** 80% of the world's data will reside on Object Storage
- 60µs write** Response time of the fastest flash storage we provide @ 100% load
- 100Mb/s** Link would take 22 hours to transfer 1TB
- 141PB** Largest storage system we provide
- 5D** Storage holds 360TB's

Our experience allows us to provide the right solution for your business, we'd like to extend that expertise to you and build a relationship as a dependable partner.

Key vendors

163,000,000,000,000,000,000,000 Zettabytes

The predicted amount of data generated per year 2025!
10x that generated in 2016

Types of IT solutions we provide?

- Hyper Converged Infrastructure
- Flash Storage
- SAN
- Software Defined Storage
- Clustered NAS
- Tape / Media
- High Availability Storage
- DAS
- Data Analysis Software
- Graphics Cards
- Network Upgrades
- Cloud Backup
- Clustered Storage
- Backup Appliances
- Backup Software
- NAS
- Endpoint Protection
- Servers
- Workstations
- Tablets Notebooks
- Optical
- Security as a Service
- Security Health Check
- IT Renewals
- Consultancy
- Technical Assessment

01

A range of IT solutions designed to increase profitability and drive efficiency savings.

04

Knowledgeable people that understand business challenges and come up with innovative solutions and ideas.

02

Solutions that meet and exceed your design goals. Proven, certified and trusted worldwide, ensures you made the right choice.

05

Designed to run 7x24 with minimum user intervention, backed up by world class support and maintenance.

03

Proven solutions that will save you money, time and effort

06

Simple to manage, deploy and install. Analyse your data in real-time.

07

Reduce deployment timeframes, service costs, power consumption, stress and expenditure.
